

Debbie Banko, CEO of Link Technologies, Honored at National Association of Women Business Owners' Annual Awards Program

Las Vegas, NV, March 30, 2011 – Ms. Debbie Banko, CEO of Link Technologies headquartered in Las Vegas, was recently honored at the 13th Annual Women of Distinction Awards event. The Women of Distinction Awards spotlight women who are outstanding in their field and who have made significant contributions to the community on a personal and professional basis.

Ms. Banko, named as an Honoree in the Award's Retail and Business Services category, oversees a growing business that provides professional services to a wide range of corporations as well as Federal, State and Local government agencies in the areas of Information Technology, Engineering, Business Support, Project Management and Cyber Security/Information Assurance.

"I'm proud that I was able to represent Link Technologies, its team members and all of our clients in this highly visible and extremely prestigious competition," said Ms. Banko. "Link Technologies strives to provide the highest qualified personnel for extremely specialized jobs to not only meet but exceed the changing needs of our clients thereby allowing them to focus on more important things like growing their businesses."

With their corporate headquarters in Las Vegas and offices in Reno, Philadelphia and Los Angeles, Link Technologies offers clients cost effective solutions with a focus on quality and satisfaction.

"Our principle philosophy and the key to our continued success is the quality we deliver," Ms. Banko continued. "At Link Technologies, we do not believe quality should come with a price tag. In fact, quality is delivered as a standard. We're very proud of that and our clients continually express their appreciation for that gold standard of quality as well as the ongoing cooperation, innovation and support we provide."

Ms. Banko has also been recognized as one of ten honorees for an "Unstoppable Women Award" at a recent Las Vegas Women's Leadership Conference. That award was based on community service, business acumen, leadership and activism in the community.
